PROFESSIONAL SUMMARY

Manual QA Engineer with 3.2 years of experience in web and mobile application testing. Skilled in functional, regression, sanity, UI/UX testing, API validation using Postman, and basic automation using Selenium WebDriver (learning & practicing). Strong knowledge of SDLC, STLC, defect lifecycle, and Agile methodology. Experienced in testing platforms like KAZNET and Geogoviya, with strong attention to detail, accuracy, and documentation.

CORE SKILLS

- Manual Testing
- Functional, Regression & Smoke Testing
- UI/UX Testing
- Mobile App Testing (APK Testing)
- Cross-Browser Testing
- API Testing using Postman (GET, POST, PUT, DELETE)
- Basic Automation – Selenium WebDriver (locators, basic scripts, Java basics)
- Test Case & Scenario Design
- Bug Reporting & Defect Tracking
- SDLC, STLC
- Agile
- Test Documentation

TOOLS

- Selenium WebDriver (Learning)
- JIRA
- Excel (Test Cases & Reporting)
- Postman
- Browser Developer Tools
- Android Testing Tools

WORK EXPERIENCE

Unmiti Solutions, Hyderabad

Quality Analyst | July 2023 – Feb 2026 (2.7 Years)

- Performed manual testing for web and mobile apps.
- Executed functional, regression, sanity, and UI testing.
- Created test cases, test data, and ensured high coverage.
- Logged and tracked bugs in JIRA with detailed reproduction steps.
- Ran Postman API queries to validate backend responses and data flow.
- Practiced automation using Selenium for basic scripts and locator identification.
- Participated in daily standups, sprint planning, and UAT cycles.
- Delivered major modules in KAZNET and Geogoviya with quality.

Unmiti Solutions, Hyderabad

QA Intern | Nov 2022 – June 2023 (8 Months)

- Learned SDLC, STLC, defect lifecycle.
- Executed functional test cases and supported bug reporting.
- Assisted in documentation, regression testing, and UI evaluation.

PROJECTS

📌 KAZNET Application

- Tested Respondent Registration, Household Profile, Task Management, and Data Management modules.
- Performed APK testing, UI validations, and backend checks.

📌 Geogoviya Platform

- Conducted UI, functional, and regression testing.
- Validated workflows, forms, dashboards, and data accuracy.

EDUCATION

B.Tech – Computer Science Engineering (2019)
St. Ann's College of Engineering & Technology, JNTUK

Intermediate (MPC) – 79.3% (2014)
Vignanabharathi Junior College

STRENGTHS

- Attention to Detail
- Strong Documentation
- Quick Learner
- Analytical Mindset
- Team Collaboration
- Consistent Performance

LANGUAGES

- English
- Telugu
- Hindi
